## *Vic Villarreal is the Best 'Fit' for an Emerging ACC*

AUSTIN, When you consider a vital social institution such as ACC – an institution with the responsibility to not only educate and train, but also help deliver one of the most important cultural identities of our region – higher education; the reasonable expectation is that the people we choose to lead ACC should have strong education and business experience and...valuable insight.

### **Dr. Vic Villarreal Endorsements:**

I hold support from

Additionally, outside of education, in the business world, a company – for example, would not typically appoint nor hire a director with no experience, no background and no insight into the company or industry. It is reasonable to expect elected/appointed leaders to have a strong and direct connection with the organization they seek to lead.

Given these realities, the best 'fit', by far, for ACC trustee is Vic Villarreal. Villarreal is a proven leader who has; a direct and sustained connection with the college, a direct connection with higher education both regionally and nationally, real public policy-making experience, and an overall proven record of leadership in governance, business and education. *This strong blend of talent and expertise is rare, Villarreal is the only ACC runoff candidate to possess all of these talents.*

***If elected, Dr. Vic will be...***

**The 3<sup>rd</sup> EVER Williamson County resident** to be elected and serve on the ACC Board of Trustees. ACC is 37 years old and will have two campuses in WilCo by this August, a WilCo board member on today's board is imperative for both Austin and Williamson Co.;

**First EVER Latino Ph.D.** to be elected and serve on the ACC Board of Trustees; (voters have elected Latino lawyers to ACC's Board, but never a Latino Ph.D. level board member, Dr. Vic will be the first—this is a meaningful first for ACC).

**First EVER Suburban Elected Official** to be elected and serve on the ACC Board of Trustees; (voters have elected former Austin City Councilmembers, but never a suburban municipal official, Dr. Villarreal is a former Mayor Pro Tem and City Councilmember of Leander. )

**First EVER C.M.O.** to be elected and serve on the ACC Board of Trustees; (Dr. Villarreal earned the CMO Designation as a *Certified Municipal Official* from the Texas Municipal League in 2009. Dr. Villarreal holds a very strong understanding of how higher education can impact local communities – an expertise which will become even more valuable as ACC expands within and around Austin.

**Help Make**

**HISTORY**

**One of the First active ACC Adjunct Professors** to be elected and serve on the ACC Board.

**Help make meaningful history with ACC.**  
**Help ACC become a better College for students, employees and our community.**

*Let's meet the education needs and vision of Austin and surrounding communities.*

## See What Others are Saying About Vic Villarreal

### Hon. Allen Kaplan, Vice Chair, ACC Board of Trustees

Vic Villarreal is exactly the most prepared candidate in the ACC run-off to do exactly what needs to be done for the College. As the longest serving member of the Board of Trustees (proudly endorsed by the Chronicle three times), I have seen Dr. Villarreal engage with the College on many levels and he has served the College on several advisory committees. As a former Leander Mayor Pro Tem, Dr. Villarreal has actually had to make public policy and tough budget decisions.

### HILL COUNTRY NEWS

No elected official outside of the ACC board has devoted more time and effort to insuring ACC is here for our Leander ISD students than Vic Villarreal.

Villarreal served on the Leander City Council for several years and always made it his mission to push for better educational opportunities, not only in LISD but in other suburban communities as well.

### THE AUSTIN CHRONICLE

Of the Place 5 candidates, former Leander mayor pro tem and current ACC management professor Villarreal can also offer actual municipal government experience. As he notes, that background will fill an experience void ... and it tipped the balance for our Place 5 recommendation.
